AIDAN PELLE

SOFTWARE DEVELOPMENT | [AIDANPELLE.GITHUB.IO](https://aidanpelle.github.io)

## SUMMARY

Creative software developer well-versed in OOP and software architecture with an interest in machine learning.

## SKILLS

Java

Python

JavaScript

MySQL

PL/SQL

GitHub

TensorFlow

MS Office Suite

Data Structures

## EXPERIENCE

### TECH LEAD • ALBERTA HEALTH SERVICES • SEPT 2021 – APRIL 2022

Leading the development team for a secure, scalable SaaS. Maintained Git version control, coding best practices and efficient workflows. Wrote critical portions of codebase and helped develop overall architecture from day zero.

### WEB DEVELOPER • PIVOTAL TRAINING • JULY 2020 – NOV 2020

Developed website for client using tools such as SquareSpace. Emphasis on design and look/feel of site, content layout, and SEO. Use of traditional front-end languages and styling (JavaScript, HTML, CSS).

## EDUCATION

### SOFTWARE DEVELOPMENT DIPLOMA • APRIL 2022 • SAIT

Studying Software Development with a 3.9 GPA, learning data structures, algorithm optimization, machine learning, database creation and design, web design, etc.

## OTHER EXPERIENCE

### MOS Office Specialist (Excel) Certification

Developed text-based event-driven RPG using JavaFX and ActionListeners as an exercise in OOP practices and edge cases.

Development of personal website to host portfolio. Provided experience in visual design principles of HCI and strengthened knowledge of JavaScript.
